

K-LOVE (91.1 FM) is a family friendly station where I don't have to be careful of what my children hear. They fill all the needs of a FM radio channel displacing them with an LPFM channel would be a significant loss in our community. There are not many family friendly channels for our kids to listen to and removing them would be a mistake. Public interest is very high in this area and they continue to listen and be encouraged by this FM channel. I would discourage any situation where they are removed from service.
